

## Senior Project Manager IT (m/w/d)

Frankfurt | Vollzeit, ab sofort

### Cabsol INS

**Cabsol Integrated Network Solutions** is a mid size company based in Frankfurt. As system, telephony and network integrator, **Cabsol INS** controls the complete build up of the 7 “layers” of the network, from the cabling to the applications. Independently of suppliers and brands, Cabsol INS offers their expertise in integrated LAN/WAN communication systems to organizations where networks are crucial for the realization of the company goals.

**Cabsol INS** is constantly growing, expanding its in-house knowledge, and looking for young or more experienced motivated people.

### What we offer you:

- ✓ Flat hierarchies and development opportunities
- ✓ Flexible working arrangements
- ✓ Empowerment and project ownership
- ✓ Excellent team spirit in an international work environment

### The following responsibilities will be part of your job:

- ✓ Management of network and system integration projects
- ✓ Development, maintenance and expansion of the relationship with your customers
- ✓ Project planning, definition of processes, work packages and resource allocation
- ✓ Project team management
- ✓ Project budgeting, cost calculation and control, reporting

### What you need:

- ✓ Experience in managing network installation projects
- ✓ Profound knowledge of IT networking products and services
- ✓ Knowledge of cabling and telephony is a plus
- ✓ Strong analytical and good communication skills
- ✓ Fluency in German and English, written and spoken
